Dear Ms. Berman:

This memo is in response to your letter of August 16, 1999 regarding Sears product compliance to UL Standard 858. After reviewing your letter, Sears contacted its vendors and suppliers for electric ranges and requested their position with respect to meeting the requirements of UL 858.

Sears has been assured by our vendors and suppliers that the electric range products they manufacture under the Kenmore private label as well as their own open market brands, have the proper components, warnings, and instructions to be in full compliance with UL 858.

Sincerely,

  
G.F. Zelazny
