Memo: Suggested Campaign Contributions

Attached are three sheets of information regarding campaign contributions. The estimated needs (first page) summarizes the total budget for our Washington efforts regarding the Federal Energy Bill and its impact on our financial restructuring plan. It also reflects the individual budget based on the suggested participation provided in an earlier memo. If you have questions about this legislation and what our needs are please feel free to contact me.

The second page is a budget allocation according to current needs as recommended by our Washington Lobbyist.

The final page is specific contributions suggested on the basis of the budget to specific campaigns. If you have any question about these allocations, please call. X 8411. On the current needs, time is of the essence. Please forward your personal check as soon as possible to my attention (TGO 2)

Thank you
