Looks great. I'll copy Jeff on this so he can see what we propose to discuss at OMB on Friday afternoon (at 3 pm). I don't think we need to forward it to the whole group upstairs. In general, I think we should limit the number of copies of documents floating around. After Friday's meeting, if the working group decides to follow the path outlined, we can send it to Martin to keep him up to speed on the direction that's being taken.

I believe that I am on the hook to give a presentation on CAFE reform at the CAFE policy meeting this Friday. Attached is a draft PowerPoint presentation I prepared. Please let me know if you think this covers the right material. Once I incorporate your comments, should I forward it to Scott, Jesse, Sean, and Martin?
