

Alan F. Holmer
PRESIDENT AND CHIEF EXECUTIVE OFFICER

September 2001

Dear Health Legislative Assistant,

I am pleased to send you these special editions of Newsweek about living longer – and better – in the 21st century. I hope you will share it with your family, friends and colleagues, and use it when you make health care decisions.

Armed with new medical knowledge and new scientific tools, pharmaceutical researchers are creating medicines that will enable all of us to lead longer, better lives. In this special issue of Newsweek – sponsored by America's pharmaceutical companies – you can read about how to use these scientific and medical breakthroughs to maintain and improve your own health and that of your family.

To learn more about the newest advances in pharmaceutical research, please visit our website at www.newmedicines.org.

Sincerely,

Alan F. Holmer
