DENTISTS AT TOWN & COUNTRY

September 30, 2016

Belvedere Marketing Group LLC,
DBA Local Search for Dentist

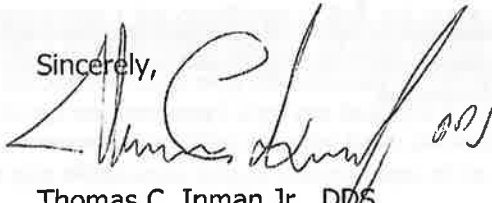

Sirs:

Please consider this my official request to terminate our service agreement with your company effective as of today's date, September 30, 2016. I have fulfilled the initial 12 month agreement have been on a month to month basis ever since. I am faxing this request to you, as requested by your company.

I received your official Local Search for Dentists cancellation form but found the wording impinged upon my legal rights to voice my opinion of the value, or lack thereof, of services you provided over my contact period. As I am not obliged, under law, to sign a document that limits my right to free speech, just in order to cancel an existing contract, I have chosen NOT to sign my rights away.

If you feel this is an unreasonable request then please feel free to contact me to discuss a possible resolution. I am truly not trying to be difficult in this matter but also do not feel like I should be unjustly restrained in just trying to cancel your services.

Sincerely,

Thomas C. Inman Jr., DDS
