Re: Notice regarding your account.

Dear Dr. Inman,

I represent Local Search for Dentists ("LSFD"). As you know, you entered into a contract with LSFD for certain Internet-related marketing services on or about February 23, 2015. The minimum term of this contract was 12 months, and – after the minimum term – 60 days' notice of termination was required. You recently indicated that you wished to terminate the contract, but you have refused to fill out the cancellation form or to pay for the services during the 60-day notice period. You also alleged – falsely – that LSFD had not performed the services required under the contract.

LSFD is trying to accommodate your desire to cancel the contract. In the contract, you agreed to provide 60-day's notice of cancellation, on LSFD's official cancellation form. Please consider this email formal demand that you adhere to the cancellation process to which you previously agreed. If you refuse to fill out the cancellation form, you have not cancelled the contract. If you fail to make all required monthly payments, LSFD will be compelled to consider all of its legal options. These include filing a lawsuit against you for breach of contract and/or theft of services. In any action, LSFD will seek recovery of its attorney fees from you, as authorized by Chapters 38 and 134 of the Texas Civil Practice and Remedies Code. LSFD will also vigorously protect its reputation against any false claims that it does not honor its own obligations. Please feel free to call me with any questions. Thank you for your consideration of this matter.

Sincerely,

CARTER H. THOMPSON
