Dear Dr. Carome and Dr. Aladdin:

This is to acknowledge the Florida Attorney General's receipt of your correspondence on behalf of Public Citizen regarding Dr. Carlos Garcia and Utopia Wellness in relation to advertisements promoting the use of compounded intravenous cesium chloride as a cancer treatment.

I understand you have been in contact with the Florida Board of Medicine at the Department of Health, as well as the U.S. Food and Drug Administration and Federal Trade Commission. We appreciate the time and effort you took in bringing your concerns to the attention of this office as well. The Attorney General's Office is concerned with all potentially unfair and deceptive trade practices, and I am forwarding your information to the Attorney General's Consumer Protection Division for review.

Thank you for contacting Attorney General Bondi's office. Your correspondence provides valuable information that will help us identify trends in consumer fraud and set enforcement priorities.

Sincerely,

Beverly Bailey
