BREAKING

[The Washington Post](#) has learned that at 5:15 a.m. today, Michael Richard Pence was sworn in as the 46th President of the United States.

It would seem that shortly before — perhaps at 3:15am, when a private helicopter was recorded departing the White House area — Donald John Trump abandoned the office of the President.

May 1, 2019 is sure to be remembered as one of the most important days in American history, and [the Post is covering this evolving story online](#).
