PUBLICCITIZEN

Dear Congress,

Trillions in bailouts. Hundreds of billions in profits and bonuses. What more do the big banks want?

We, the people, want real financial reform.

For starters:

- **Break up any bank that is “too big to fail.”**
- **Close down the casino economy.**
- **Rein in executive pay.**
- **Create a strong and independent Consumer Financial Protection Agency.**

We know you get a lot of money from the banks.

We know Capitol Hill is swarming with their lobbyists.

Please remember that you represent us. We are depending on you to keep us safe from Wall Street’s reckless greed.

Sincerely,

The members of Public Citizen
