Dear Mr. Gorsky,

Please find enclosed Public Citizen's press release concerning the Medicine Patent Pool's latest licensing agreement with ViiV Healthcare for the new treatment for HIV, dolutegravir. Pro-competitive licensing agreements that are broad in geographic scope are essential for reducing costs and expanding access to treatment. We request that Johnson & Johnson join other patent holders that have negotiated licenses with the Medicines Patent Pool by initiating negotiations with the Pool to license darunavir and etravirine. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, which appears to read "Peter Maybarduk".
